New Listing of the Long-Awaited FBMKLCI Index Warrants

First index call and put warrant in 2019 by Kenanga

Kuala Lumpur, 4 July 2019 – Low hopes for a G-20 trade breakthrough, on an almost one-year old U.S.-China trade war with no signs of ending. Saudi-Arabian-led efforts to restrain oil supply amid surging North American shale production, as OPEC prepares to make a key decision to curb outputs. Impacts of global volatility have clearly manifested itself in the local bourse. Fortunately for call warrant traders, volatility is always welcomed.

“Through our monthly public engagements, Malaysian traders have expressed their strong demand for the issuance of FBMKLCI call and put warrants by Kenanga. As a Warrants Issuer that focuses on building a vibrant warrants trading community in Malaysia, we have our ear on the ground and the capabilities to provide exciting financial products. Put warrants are very useful for portfolio protection with a trading public hungry for opportunities.” said Kenanga Investment Bank’s Head of Equity Derivatives, Philip Lim.

These call warrants are European style, non-collateralised cash-settled call warrants. This is Kenanga’s first issuance of 2019 in conjunction with the launch of their Live Matrix.

The call warrants will be issued over the ordinary shares of Aeon Co. (M) Berhad, AirAsia Group Berhad, Malaysia Airports Holdings Berhad, Eco World Development Group Berhad, FTSE Bursa Malaysia KLCI, FGV Holdings Berhad, Genting Berhad, Inari Amertron Berhad, S P Setia Berhad and Serba Dinamik Holdings Berhad.

Commenting on the launch of Kenanga's FBMKLCI call and put warrants, Philip Lim added on, "Traders are increasingly familiar with bullish market products, but such products only offer gains when the underlying instrument is lively and uptrending. Advanced traders know how to maximise returns in volatile market conditions. This is the direction Issuers and Regulators need to guide local market participants."

Kenanga Investment Bank Bhd ("KIBB") now offers structured warrants traders access to its latest tool "Live Matrix" which enables investors to view the live feed from Kenanga's market making system, giving them easy access to real-time market data and flexibility to trade on-the-go.

"It is KIBB's aim to help build a smart warrants trading community in Malaysia by equipping them with the right tools and information," he commented.

KIBB also organises monthly talks across Malaysia to enhance financial literacy of its traders which includes warrants trading.
